Title of the Collection: Family Planning Annual Report (FPAR)

Type of Collection: Renewal with change

OMB No. 0990-0221

Abstract: The Office of Population Affairs within the Office of the Assistant Secretary for Health is requesting an extension on a currently approved Family Planning Annual Report (FPAR) data collection and reporting tool (OMB No. 0990-0221). This annual reporting requirement is for family planning services delivery projects authorized and funded by the Title X Family Planning Program [“Population Research and Voluntary Family Planning Programs” (Public Law 91-572)], which was enacted in 1970 as Title X of the Public Health Service Act (Section 1001; 42 USC 300). The FPAR data collection and reporting tool will include a new module to collect substance use disorder (SUD) screening data in this request to extend an OMB approval to collect essential, annual data from Title X grantees.

Need and Proposed Use of the Information:

The Title X Family Planning Program (“Title X program” or “program”) is the only Federal grant program dedicated solely to providing individuals with comprehensive family planning and related preventive health services (e.g., screening for breast and cervical cancer, sexually transmitted diseases (STDs), and human immunodeficiency virus). By law, priority is given to persons from low-income families (Section 1006[c] of Title X of the Public Health Service Act, 42 USC 300). The Office of Population Affairs (OPA) within the Office of the Assistant Secretary for Health administers the Title X program.

Likely Respondents: Respondents for this annual reporting requirement are centers that receive funding directly from OPA for family planning services authorized and funded under the Title X Family Planning Act. This weighted average hour burden accounts for differences in reporting burden by type of grantee agency grantee (e.g., public health department or private agency), as found in the *2009 FPAR Burden Study*. For purposes of this estimate, the average hour burden ranges between 39 hours (public health department) and 32 hours (private agency).

Annualized Burden Hour Table

Type of Respondents	Form Name	Number of Respondents	Number of Responses per Respondents	Average Annualized Burden per Response (Hours)	Annualized Total Burden (Hours)
